Wiped out

I went to a party, dressed so smartly  
Cool as cool could be  
I knew I could make it, knew I could shake it  
Loose and fancy free

So I went to the table and reached for a bottle  
And poured me a glass of wine  
Took a few sips and looked around  
I was feelin' fine

But an hour along, comin' on strong  
I was gettin' drunk  
The next thing I knew I looked at you  
I was blind as a skunk, I was

I was wiped out, I had my lights out  
Was fallin' right out 'cos I was wiped out

Through the smoke-filled room, I caught your eye  
And I think that you caught mine  
And I knew in a minute or maybe less  
It was just a matter of time

Then you started to move with such a groove  
Stronger than sneakin' slow  
Then you looked at me with your big blue eyes  
They had such a glow

So I took your hand and tried to stand  
And ended up sittin' back down  
Then you smiled at me and gave me a wink  
How quick I lost my frown, I was

I was wiped out, I had my lights out  
Was fallin' right out 'cos I was wiped out

So I looked at you and then I knew  
That we were gonna have some fun  
So I thought to myself, wine was out  
We should switch to rum

So without a word and like some bird  
We flew to another place  
And pretty soon we were in some room  
Stretched miles out in space

The room was turnin', we were burnin'  
Things became a haze  
It seemed that already I had too many  
Firewater caused the blaze, I was

I was wiped out, I had my lights out  
Was fallin' right out 'cos I was wiped out

I was wiped out, was fallin' right out  
I had my lights out 'cos I was wiped out

I was wiped out, I had my lights out  
Was fallin' right out 'cos I was wiped out

I was wiped out, was fallin' right out  
I had my lights out 'cos I was wiped out
