As I sit here and think,
about all that I'm missing
[all that I'm missing]
I've got everything that,
I could ever ask for. But you
all my past time is spent,
wondering how you've been
[wondering how you've been]
but the more that you're on my mind,
I'm just lonely and blue [can't you see]

Why can't you be with me to hold me tight.
Just being with you
will make everything better and bright

I wanna have you by my side,
you always make it right..
[And without you my heart starts to cry]
How will I ever go on,
how will I stay strong?
[Do you see without you, my soul dies?]

I stayed up all night,
remembering what we had
[remembering what we had]
And I can't sleep a wink,
cuz thinking of you makes me sad
[yes you do]

I can't seem to shake you off my mind...
Just wanna go back in time to just press rewind

I wanna have you by my side,
you always make it right..
[And without you my heart starts to cry]
how will I ever go on,
how will I stay strong?
[Do you see without you, my soul dies?]

You're all that I want, you're all that I need..
So why don't you come back. baby. Please

I want to have you by my side,
you always make it right.
[And without you my heart starts to cry]
how will I ever go on,
how will I stay strong?
[Do you see without you, my soul dies?]

I wanna have you by my side,
you always make it right.
[And without you my heart starts to cry]
How will I ever go on,
how will I stay strong?
[Do you see without you, my soul dies?]
