Oh touch! An embrace of the senses  
A blasting of the nerves  
How absurd for human beings now  
To be in charge of  
Smell links to thoughts more directly  
Than any other sense  
My two cents say you remember  
What your EX smells like

And oh, I don't know  
I don't know  
Which of a million ways to go  
I don't know what is right  
I'm trying to be nice  
But dreamer's fare  
It seems too fair  
I'm sharing as much as I can share  
My sixth sense says I'm right

Oh drifter, your home's inconsequential  
Now where's your common sense?  
Make a dent  
Share yourself and your intuition  
I didn't know that you were holding on  
Was I supposed to know  
It was on the bed  
On the sheets right where I forgot it

And oh, I don't know  
I don't know  
Which of a million ways to go  
I don't know what is right  
I'm trying to be nice  
But dreamer's fare  
It seems too fair  
I'm sharing as much as I can share  
My sixth sense says I'm right

I spent better days with your soul  
I spent better days with your soul  
I spent better days with your soul  
I spent better days with your soul
