Staring out across the floor
This is what we're fighting for... for you
Taste the sweat, get off your knees
It doesn't matter if I scream
You see...

That when we play the beat, it's what I live for.
It takes everything away from me.
So let it be, this is who I am.
It takes everything away from me.

There's nothing that I would love more
Than to be a part of your scene.
I'll take a needle to my skin
Anger is the brand new thing'
It's so in.

That when we play the beat, it's what I live for.
Takes everything away from me.
So let it be, this is who I am.
Takes everything away from me.
Yeah

I used to think that we were all the same but now I see,
You're so much better
Maybe we're not cut out for your scene.

When we play the beat, it's what I live for.
Everything away from me.
So let it be, it's who I am...

That when we play the beat, it's what I live for.
Takes everything away from me.
So let it be, this is who I am.
Takes everything away from me.
Everything away from me.
It takes everything away from me.
