Title : Poison Pen Letter

-----

It makes me laugh that you seem to sacrifice your time  
just to speak out your mind.

You think you know me oh so well,  
but it looks like you don't know yourself.

What is your name? Can anyone tell me?  
Why do you hate? What's the point, why do you even  
stay?

If you're here then I know you're listening.  
We are the ones they listen to they don't listen to you.  
You hide your face behind the screen,  
and your words are said via machine.  
So tonight you know, I know what you're thinking.
