You are the light waiting in the dark
You're real and untouched
You're the attack waiting for a heart
Like mine to open up

You saved the day, flew in like a dove
I tried to stay up
I can't believe who lies next to me
I can't keep my eyes shut

[Chorus:]
Where did you go dear?
I am alone in here
I'm running but I'm stuck
And bleeding from the waist up

Where did you go dear?
I am alone in here
I'm running but I'm stuck
I've fallen and I can't get up

I can't get up

You are a fire, burning in the sea
I swim in your heat
We are a choir singing hymns to keep
The widow's mind at ease

[Chorus]

Take me there
Take me where you are
Take me there
Take me where you are

Where you are

We are a choir singing hymns to keep
The widow's mind at ease

Take me there
Take me where you are

Take me there
Take me where you are

[Chorus]
