Laying in the dust  
Feeling the cold

Take me if you must  
But not for too long

[Chorus:]  
'Cause I feel so safe hiding my face  
Like ugly birds in a beautiful cage  
A bad actress in a wonderful play  
An ugly bird in a beautiful cage  
And I will stay the same

I have plastic eyes  
And a heart made of snow

I love swimming up high  
And flying down low

[Chorus]

Just pull me out now  
Oh will you just pull me out now?

'Cause I feel so safe hiding my face  
Like ugly birds in a beautiful cage  
A bad actress in a fucked up play  
An ugly bird in a beautiful cage  
And I will stay the same
