"Warm"

You ask me would I give you a chance
Well, yes, here is my offering
Here is my mind
Here is my body
Here is my patience
And, and my softening
Here is my softening

And I am warm
I'm warm for you

And we are alive in this moment
That is a small lifetime left to be us
And unbound our ribbons have begun
To circle and secure
To circle and secure
To circle and secure our trust
Swemptic lover, hectic is the path in coming days
Gentler if we cross the bridge
With heart always in our gaze

And I'm warm for you
I'm warm for you
I'm warm for you
I'm warm for you

Stay open this through
We'll straighten my bent wings
To embrace the ways that are you
To embrace the ways that are you
To embrace the ways that are you
To embrace the ways that are you

Cause I'm warm for you
I'm warm for you
