Twist me like a hurricane
Aim hard like a firing range
And don't you ever wanna hide
Away from all the neon lights

Could you please avert your eyes
I'm easy to criticise
Every noise is deafening
Every voice is threatening

We all need to be alone
We all need to be alone
We all need to be alone
Everybody's safe inside

We all need to be alone
We all need to be alone
We all need to be alone
We all need to be alone

We all need to be alone
We all need to be alone
We all need to be alone
Everybody's safe inside
