You lost your focus, but I got a plan for it  
With a secret ingredient  
And you are infinitely invited

Just leave alone the Geminis  
Two of them and four of eyes  
And you are infinitely invited

(No one could not agree.)  
It's unanimously decided  
(They've come for you and me.)  
That we are dangerously surrounded  
(Their boats are full of flames.)  
A  
(They paint the grasses green.)  
A  
(Repeating history)  
A  
(They don't say what they mean.)

Is it amnesia?  
Amanaemonesia  
Mistaken for magic?  
(Mistaken for magic.)  
Silver hours, silver hours  
Becoming a habit?  
(Chasing the rabbit)

Is it amnesia?  
Amanaemonesia  
Mistaken for magic?  
(Mistaken for magic)  
(Mistaken for magic)

Spacing out in nook in cranny  
It's officially uncanny  
It's a fish in a sea of granite

Just leave alone the Geminis  
Two of them and four of I's  
(No one could not agree.)

It's unanimously decided  
(They've come for you and me.)

O, O, O, O

There's a system of symbols that no one can vouch for  
Everyone uses and no one believes

There's a dog in the yard with a manner that's ruff  
Yet there's something about you that he understands

The girl at the window covered in ashes  
Smiles grotesquely in the light of the day

Singing in German  
The cold summer warning

But I can't remember  
What I meant to say

Is it amanaemnesia?  
(Mistaken for magic.)  
Amanaemnesia  
Woah  
(Mistaken for magic.)

Amanaemnesia

A

(Mistaken for magic.)

(Mistaken for magic.)

(Mistaken for magic.)

(Mistaken for magic.)
