Visit "[Evident Utensil](#)" on MotoLyrics.com

The most evident utensil
Is none other than a pencil
Not a multicolored stencil
Nor a Camry crew

How hard must I try?
How hard must I try for you?
You see me rolling in the dirt
You see me crawling up the walls for you

The most evident utensil
Is none other than a pencil
Writer, tell me what you want from me
Before my paper is through

How hard must I try?
How hard must I try for you?
You see me rolling in the dirt
You see me crawling up the walls for you

How hard must I try?
How hard must I try for you?
You see me rolling in the dirt
You see me crawling up the walls for you

How hard must I try for you
Try for you, must I try for you?
How hard must I try for you
Try for you, must I try for you?
For you, for you
