Did I just catch your eyes like familiar fish in the water.
It could be anywhere that we've passed each other by.
Were you at that one party? That one up on the ninth
floor.
Were you the quiet one who stopped to hold the door?

Have we met before? Amongst the buzzing?
Clear like yesterday when you look at me and smile.

Was that you on the screen or just in line for the movie?
Because my heart is beating fast and I wish that I knew
why.

Have we met before? Amongst the buzzing?
Clear like yesterday when you look at me and smile.

Have we met before? Amongst the buzzing?
Clear like yesterday when you look at me and ba-da-
da-ba-ba

Have we met before? Amongst the buzzing?
Clear like yesterday when you look at me and smile.

Have we met before? Amongst the buzzing?
Clear like yesterday when you look at me and smile.
Oh you look at me and smile.
Oh you look at me and smile.
