It's right before my eyes, filth and hate not disguised
A virgin's sacrificed bleeding eyes, homicide
It's a snuff porno film, watching sex as they kill
It's an uneasy sight, antichrist, rape at will
Shocking to believe and it's on the screen
All this raging and torment, nothing to me
This is disgustingly entertaining to me
All this screaming and torture, nothing to me
It's right before my eyes, rape and death not disguised
It's a snuff porno film, watching sex as they kill
Destroy
I am dishonored, disheveled of what I see
I'm watching...
I am dishonored, disheveled at what I see
I'm watching pain
I am dishonored, disheveled at what I see
Now fuck it
It's right in front of me and it's on the screen
I can't believe I saw the soul rise right from
The body and this tortured soul Hell has
Took it's toll as I take control of my cock
I'm jerking off to all the blood on her
Face you just can not tell if it's real or fake
I guess that's why I watch the rape
Scenes over and over again getting off
Mouth taped shut, raped her raw
Blood on cock, knife in twat, turn this off
