Superbird with a v8 engine thunder boltin' on the
freeway hittin' 95 in the left lane gonna make this one
explode driving faster she goes down on me sucking
harder the pedal is buried superbird with a superpussy
sucking me off from the passenger seat hittin' 155 in
the left lane she's gonna make my nuts explode driving
faster she goes down on me sucking harder the pedal
is buried driving faster take your hands off the
steering wheel let it coast straight into a guardrail rail
rail rail driving down the street with a hottie tattoos
big tits and a pierced clit stick shifter is in her sight she
says tome it's time to ride time to ride driving faster
she climbs on top of me fucking harder the pedal is
buried
