I woke up, mourning.
I woke up dead today.
I aged a thousand years or more.
I flinch when you are nice.
You kill me with a single word.
When angels fuck and devils kiss, I'm sure.

I'll bask in your forever.
You just waste my time.
I want to drag you down, down with me.
I wanted to help, to help destroy the world.
I wanted to be that, to be that special girl.

Everybody's got a little something to hide, But me.
Everybody's got a little someone to crush, But me.
I'm living in a human teenage mediocrity.
Everybody's got a little someone to trust, But me.

I dreamed that I was you.
I dreamed your ego died.
Sad who loves you more than I do.
I know you lied.

I'll bask in your forever.
Fucking waste of time.
Angels fuck and devils screw.

I wanted to heal me and then destroy the world
Piss in your heart and be that, and be that special girl

Everybody's got a little something to hide but me
Everybody's got a little someone to crush but me
I'm living in a teenage negative mediocrity
Everybody's got a little someone to trust but me

But me, but you
Not me
Hate you
Love me, love me, hate you
Want me, fuck you, hate me
Kill you

Fuck me, like you, want me
Like you want you fuck you
Fuck me, fuck you, fuck you fuck you fuck me
Fuck you, fuck me, fuck you fuck you fuck me (you
never loved
Me)
Fuck you, fuck you, fuck you fuck you fuck me

I will never make it better
I will never make it better
It will always hurt you fucking asshole
