Listen to me this time
We're just whores on a fucking assembly line
Believe me i was there
Say what i want
And get the fuck outta here..

To raise the wall?
Stop me!
To raise the wall?
Stop me!

Jonny's been a very bad boy {x3}
Jonny's been very bad
This sun is so high
My life is oblivious to you
The sun hurts my eyes but
Remember you are not god

To raise the wall?
Stop me!
To raise the wall?
Stop me!

And you, look at me
See through me
I am nothing to you
You
Look at me, see through me
I am nothing to you
What such one am I?
You love you, not me
Even with my
Eyes I take in
Destroy this is in me
Please view us as we
I will go down
Fighting for
You!!
