"Run"

I lie beside a stranger
And I hear blue blood
Running through his vein.
I really don't give a damn
Coz there's nothing in this world
That can stop me now.
I loved you the way I know
But you fit me back
Right in your pleasure glove,
Watch me now,
Don't underestimate
Coz you never ever see me run, run, run baby.

Run fast if you can
I'm gonna get you anyway
There's nowhere to hide baby.
Breathe in, breathe out!
It's almost over now oh baby. (2x)

Don't you recognize
This hardened heart of mine
Waiting to be found.
Lying on the ground,
Never will it grow
Till it make you stumble and fall.
I loved you the way I know
But you fit me back
Right in your pleasure glove,
Watch me now,
Don't underestimate
Coz you never ever see me run, run, run baby.

Run fast if you can
I'm gonna get you anyway
There's nowhere to hide baby.
Breathe in, breathe out!
It's almost over now oh baby. (2x)

You taught me things
I never dreamed to be
Now your down on your knees

Begging me please to spare you,
How I wish I could
But darling can't you see
It's a little bit too late...

Run fast if you can
I'm gonna get you anyway
There's nowhere to hide baby.
Breathe in, breathe out!
It's almost over now oh baby. (2x)

(Guitar Solo)

Run fast if you can
I'm gonna get you anyway
There's nowhere to hide baby.
Breathe in, breathe out!
It's almost over now oh baby. (2x)
