See what you say to me  
And I will tell you  
Oh, see what you say to me  
I said I told you so  
You came into this life  
You are so pacified

You're trippin'  
I don't think so!

Oh, if you consider it  
I will take all your shit  
See what you say to me  
It doesn't mean a lot  
You came into this life  
You know I truly tried  
You are so pacified

You're trippin'  
I don't think so!

Never can you take control of me!  
Oh, motherfucker what you don't know can't hurt me!  
Never can you take control of me!  
Oh, think about if you watch me...burn!  
Oh, oh, oh
