My love,
Its been a long time since i cried
And left you out of the blue.
Its hard leaving you that way when
I never wanted to.

Self-denial is a game
Its strange i never would've
Wanted if until there was you.

Because i have learned that love is beyond
What human can imagine,
The more it clears
The more i have to let you go.

CHORUS:
But now i don't understand why im feeling
So bad now when i know it was my idea.

I could've just denied the truth and lied.
But why am i the only one standing stranded
On the same ground?

My love because i have learned that love is a
Word gets thrown a little bit too much.
The best excuse to fill the infinite abyss
I never have to if all else fail

Would you be there to love me?
When all else fail,
Would you be brave to see right through me?
