Uh, fool sittin' on fat
Brat tat-tat-tat
Bitch and it's life,
Well let me lift you to the sky
Just climb aboard the b-r-a-t ride, and
Those with no love, I stay above
Like GOD
Quick to pull ya trigga
Quick to pull ya cord
And it don't stop and it don't quit
In ninety-four I be the sure shot shit
And in years to come
Shit ain't gonna change
So so def, you know the name of the game
And those who say they don't
Bitch please
Cause we be known for makin dem G's
Settin' them swole, steady going good
Whatever we release, whatever we unfold
So now you know in ninety-four who's the shit
And who's got the shit that you just can't fuck wit

Di di di da di di di da di day
All you suckas anxious won't you please come out to
play
Di di di da di di di da di day
All you suckas anxious won't you please come out to
play

Well yo, I ain't no joke
Never have never will be
Down your whole block you can feel me
All I do is keep fucking it up
The dooper my shit, and the bigger my come up
Now tell me have you ever heard a female vocalist
Swift like this that kick shit like this?
I don't think so
I don't think you know
No ho that can flow like I flow
And plus if you like it rough and rugged then you love it
Play it say it day to day
You never ever get enough of it

Am I ridiculous
It's a bad mama jama
Like Hammer you can't touch this
Never fuck wit my shit or my clit
Don't even trip cause you bound to get split, bitch
Ain't no thang, ain't no thang
For me to put it down and make you motherfuckers
sway

We're the shit ya cant...

Di di di da di di di da di day
All you suckas anxious won't you please come out to
play
Di di di da di di di da di day
All you suckas anxious won't you please come out ... to
... play
