Opened up it's revealed!  
Savour this  
Dont get lost in a lie!  
Hit or miss  
Beside, myself, with doubt, push on  
What's to come must be proved  
Focus bliss  
Charcoal stares  
One foot at a time  
Smear those lines  
I thought I found  
What I always wanted  
Bear with me  
I thought I found  
What I always wanted

Bear with me  
Certainty  
Is not at hand  
I can't keep my eyes shut  
You talk not to listen  
I thought I found  
What I always wanted  
Bear with me  
I thought I found  
What I always wanted  
I got what I wanted  
I got just what I always wanted  
I got what I wanted  
I got just what I always wanted
