[T.I.]

(hey! Grand hustle Bad Boy south lets ride nigga)

chevy super clean, two or three screens

watch a nigga be to the left I lean

50 karats in the crown, niggaz no more scam

just to let you sucker niggaz know I'm the king

this green I smoke we call it drow

its dead-liest from memphis Tenn

don't turn this into a murder scene

I'm paranoid, tone misquoted

should not since my early teens

but I'm drop that note, grab me under sixteen

you can bring all the niggaz you want to bring

hey! I thought you were running things

all you did was run the screens

must be out his mind thinking' the steel won't touch him

see it on the bush let it burn like Usher

click, click, bang you can end the discussion

ain't shit sweet cause I seen you unpleasant

I steal would spray broad day ain't nothing

the lilac one AK doing something

I'm immuned to the drama

act a fool if you wanna

lean in my pocket, 40 calb by the stomach

he acting' like he want it, I'm show a nigga somethin

somebody phinna to have put (&#&#*^%)

I don't tolerate suckas who be trying me

take a special kind of nigga to defies me

similar to 8ball and MJG been coming that hard since

and killers true niggaz gonna ride me

[chorus] (2x)

[Twista]

take a look at my wheels, rolling through the south
still spinning and I'm still smoking heavy
look at both of my grills, my motherfucking mouth
looking just like the rims on the chevy
pimp twist I'm a playa still, ballin' in the game come
major bills
come and take a trip with me to hater Ville
on some 24 omegas and gator grill
fuck a twist. fuck you bitch
I don't really wanna have to bust you bitch
roman gold shine so hard
niggaz out here know they can't touch that shit
I don't trip, niggaz pull up
I be lookin' proud when I bust that dutch
specially when I look at the mac in the black Cadillac
and the bubbles in the hummer truck
when you see a nigga cruise through
niggaz try to jack you and loose my coop is by the
kennel wheels
mother fucker wanna take my style
cause niggaz out here know I'm only fucking with the
bonnet grills
and the haters wanna see me fall
how can I let y'all niggaz play me
shited on their good then I pull up
from my vehicle while bumpin' 8 Ball & MJG
twista bitch and I from the shy
with my memphis connect and I ain't going' lie
we be specializing in and up coming with dope shit
and pulling up in cool whips that's fly
still drink, still blow, then I creep through the hood real
slow
while I bump kamikaze shit, while I scream look at my
grill hoe

[chorus] (2x)

[8ball]

old grill smile, wiling out up in the VIP
the club close at five 'o'clock, we pulling up around
three

wood grain wheel gripping, Cinderella sipping
I like my jewelry golden like a piece of fried chicken
money players is demon like I'm willy beaming
like a bitch that practice sucking dick and drinking
semen
she screaming dreaming, wishing she can be my
number one
forever young, mama I just wanna' to have some fun

[MJG]

don't try to ever take my cash from me
you mine as well, jump of a cliff you fucking crash
dummy
like that's my last money
this for my niggaz who be bussin' back to perpetrators
we don't discriminate, we'll hurt now hurt you later
but I ain't worried, I smoke one on you fucking haters
and I'm hidding gators on the refrigerator
down south memphis Tenn. pimpin' gotta rep it
the third I did, that nigga rugg, boy that nigga pimpin

[chorus] (2x)
