Tie a string around your finger  
leave a note upon your desk

Don't forget little things that happened  
to bring you happiness

It doesn't matter if you're rich or poor  
just remember the one you adore

So hold her and tell her you love her  
if you're the man that remembers her.

A woman never forgets all the little things you do

A woman never forgets all the mem'ries you bring her

It doesn't matter if you're rich or poor  
just remember the one you adore

So hold her and tell her you love her  
if you're the man that remembers her.

--- Instrumental ---

A woman never forgets all the little things you do

A woman never forgets all the mem'ries you bring her

It doesn't matter if you're rich or poor  
just remember the one you adore

So hold her and tell her you love her  
if you're the man that remembers her.

So hold her and tell her you love her  
if you're the man that remembers her...
