The best of all my heartaches is you
I guess I'm crazy but I feel this way
Everyone before you I've forgotten
But the heartache you gave me is here to stay.

You are the best of all my heartaches
A tragediest one more than all the rest
And I don't ever want to forget you
'Cause of all the heartaches I have known you are the
best.

--- Instrumental ---

If I'll ever fall in love again
He'll have to love me like you used to do
His every kiss must make me remember
The way I felt when I was kissing you.

You are the best of all my heartaches
A tragediest one more than all the rest
And I don't ever want to forget you
'Cause of all the heartaches I have known you are the
best.
