When you told that man about Jesus and his precious
love
Did you let your light shine did you let your light shine
Oh, was it just a matter of a bunch of empty words
Did you let your light shine, did you let your light shine?

Well, don't you try to give it away if you don't have it
yourself
Cause if your spirit is poverty stricken you can't give
away such wealth
You must see clearly for you know the blind can't lead
the blind
Did you let your light shine, did you let your light shine?

--- Instrumental ---

Well, auction always speaks much louder than your
words would sound
Did you let your light shine did you let your light shine
For did you act out all you preached to beg it really
count
Did you let your light shine, did you let your light shine?

Well, don't you try to give it away if you don't have it
yourself
Cause if your spirit is poverty stricken you can't give
away such wealth
You must see clearly for you know the blind can't lead
the blind
Did you let your light shine, did you let your light shine?

Did you let your light shine, did you let your light shine?
This little light of mine, I'm a gonna let it shine
This little light of mine, I'm a gonna let it shine
This little light of mine, I'm a gonna let it shine
Did you let your light shine, did you let your light shine?
Did you let your light shine, did you let your light
shine?...
