Everybody loves somebody sometime, everybody falls
in love somehow

Something in your kiss just told me my sometime is
now

Everybody finds somebody someplace, there's no
telling where love may appear

Something in my heart keeps saying my someplace is
here.

If I had it in my power I'd arrange for every boy to have
your charms

Then every minute every hour every girl would find
what I found in your arms

Everybody loves somebody sometime and although my
dreams were all of you

Your love made it well worth waiting for someone like
you.

If I had it in my power I'd arrange for every boy to have
your charms

Then every minute every hour every girl would find
what I found in your arms

Everybody loves somebody sometime and although my
dreams were all of you

Your love made it well worth waiting for someone like
you...
