Finally, yes, darling, finally  
You'd stop denying my love for you  
Oh, wonderful, yes, it's so wonderful  
To hold you close to me, finally

For so long, I wanted you  
To be my pretty queen  
And now you're mine, my pretty one  
You filled my every dream

Oh finally, yes darling, finally  
My lips keep whispering finally

For so long I wanted you  
To be my pretty queen  
And no you're mine, my pretty one  
You filled my every dream

Oh, finally, yes, darling, finally  
My lips keep whispering finally
