Guilty Street (fm Kitty Wells)

Tonight I lost my way and I found Guilty Street
I saw faces there I never dreamed I'd see
I saw the one I love but he did not see me
While the guilty were laughing
I was standing there crying
Alone on Guilty Street

The lust and sin fill the night
On Guilty Street where I cry
Guilty Street is the place
Where's happiness died on my face

Tonight he'll hold me close
And tell me I'm so sweet
But I know what his mind's on
And tomorrow he'll be gone
Back to Guilty Street

[break]
The lust and sin fill the night...
