If I had the right to do you wrong
I'd do you right and never do wrong
If I had the heart to leave you and part
I'd give up my heart and stay.

How could a girl in her right mind
Treat such a true love as you are unkind
No I couldn't hurt you I believe I would die
If I broke your heart dear and made you cry, and made
you cry.

If I had the right to do you wrong
I'd do you right and never do wrong
If I had the heart to leave you and part
I'd give up my heart and stay...
