There's a new world somewhere they call the Promised  
Land

And I'll be there someday if you will hold my hand  
I still need you there beside me no matter what I do  
For I know I'll never find another you.

There is always someone to reach across they say  
And you'll be my someone forever and the day  
I could search the whole world over until my life is  
through  
But I know I'll never find another you.

It's a long long journey so stay by my side  
When I'll walk through the storm you'll be my guide be  
my guide  
If they gave me a fortune my pleasure would be small  
I could lose it all tomorrow and never mind at all.

But if I should lose your love dear, I don't know what I'd  
do  
For I know I'll never find another you.

--- Instrumental ---

But if I should lose your love dear, I don't know what I'd  
do  
For I know I'll never find another you...
