"Let's Regain The Garden"

Visit "[Let's Regain The Garden](#)" on MotoLyrics.com

(Let's regain the garden the beautiful garden
Te lost long ago through sin
Let's regain the garden the beautiful garden
With open arms God will welcome you in.)

Long ago there was a garden a beautiful garden
That we all want to see someday
It was made by him above just for you and me to love
And someday we will live in the garden.

(Let's regain the garden, the beautiful garden
Te lost long ago through sin
Let's regain the garden the beautiful garden
With open arms God will welcome you in.)

--- Instrumental ---

If we regain the garden to live with our Saviour
Who bled and died for our sins
If we serve him every day then he'll take us away
To our home in that beautiful garden.

(Let's regain the garden, the beautiful garden
Te lost long ago through sin
Let's regain the garden the beautiful garden
With open arms God will welcome you in...)
