I'm just a waitress at this truck stop
I keep the jukebox playing and the coffee hot
Temptation's everywhere but I must stand
I'm in love with my big truck drivin' man.

I keep lookin' out the window he's on my mind
He's been gone almost a week this time
I can't wait till he walks through that door again
Oh how I miss my big truck drivin' man.

I'll ask him if he feels the way I do
I can almost hear him saying I love you
We'll walk through the jukebox hand in hand
And he'll kiss me my big truck drivin' man.

--- Instrumental ---

I call him the truckstop pinball king
Cause he knows how to beat that old machine
He's savin' money to buy me a wedding band
Oh how I love my big truck drivin' man.

I'll ask him if he feels the way I do
I can almost hear him saying I love you
We'll walk through the jukebox hand in hand
And he'll kiss me my big truck drivin' man.

And he'll kiss me my big truck drivin' man...
