"Standing Room Only"

In your heart there's just standing room only
You had so many lovers before
But please pity your life that's been lonely
And let me come in your heart's door.

In your heart there's just standing room only
But you know laugh is deeper than cry
If I can't be your one and only
I'd be happy just to stand there in style.

--- Instrumental ---

With you now I plead oh so lonely
Don't lock me outside with no key
In your heart there's just standing room only
But I beg you make room for me.

In your heart there's just standing room only
