My dear precious mother means so much to me
She has always been so true and kind
My best friend on earth she has proved unto be
Thank God for a mother like mine.

Thank God for a mother like mine
For her love that's so pure and divine
She taught me to love the Saviour above
Thank God for a mother like mine.

--- Instrumental ---

Through all of the sorrows and trials we knew
She trusted the Saviour above
And thought of her children as older we grew
To believe in his wonderful love.

Thank God for a mother like mine
For her love that's so pure and divine
She taught me to love the Saviour above
Thank God for a mother like mine.

Thank God for a mother like mine...
