My heart is pounding, it's beating faster because my  
heart's just hurt  
That you've been cheating on me baby, it's lies, it's lies  
that I heard  
I can never believe the stories because I love you so  
And you promised you'd be faithful, the lies just can't  
be true.

They're not true, they're not true, let me hear the truth  
from you  
Say you're mine all the time, I won't let lies turn me  
from you  
I am shaking, my heart is aching just to be with you  
Tell me you'll be mine forever, the lies just can't be  
true.

--- Instrumental ---

They're not true they're not true, let me hear the truth  
from you  
Say you're mine all the time, I won't let lies turn me  
from you  
I am shaking, my heart is aching just to be with you  
Tell me you'll be mine forever, the lies just can't be  
true.

No the lies just can't be true...
