This divorce you're asking me to give you  
I don't want to see it go through  
This divorce will make you free and happy  
But it will leave me lonely and blue.

I believe what God has brought together  
Let no man put apart in the force  
I believe that someday you'll be sorry  
That you've asked me for this divorce.

--- Instrumental ---

I do anything to save this marriage  
But I guess there is nothing I can do  
But I dread the thought of tomorrow  
When I'd give this divorce dear to you.

I believe what God has brought together  
Let no man put apart in the force  
I believe that someday you'll be sorry  
That you've asked me for this divorce...
