Whatcha doing out in the night time
Why'd ya' call me on the phone
Your mama can't solve your problems
When's daddy ever gonna get home
So you did your little move and cried
In the middle of a suicide

Don't close your eyes
Don't close your eyes
Don't sing your last lullaby

There's no one there to hold you
No one hears your scream
You live life up and down
Your nightmares are your dreams
I know it's lonely when your hanging 'round
Don't ya' take it lying down - no, no
Hold on - Hold on tight
I'll make everything all right
Wake up - Don't go to sleep
I pray the lord your soul to keep

Don't close your eyes
Don't close your eyes
Don't sing your last lullaby

Don't close your eyes
Don't close your eyes
Don't sing your last lullaby
Won't you call me on the phone
Your mama can't solve your problem
When's daddy ever get home

So you think you're a little bit wild
In the middle of the suicide

Don't close your eyes
Don't close your eyes
Don't sing your last lullaby

No one there to hold you

No one is your friend
You live life up and down now
Nightmares on your brain

Another lonely way of hanging round
Don't you take it falling down no no

Hold on hold on tight
I'll make everything all right
Wake up don't go asleep
I'll pray the lord
Your soul to keep

Don't close your eyes
Don't close your eyes
Don't sing your last lullaby

Don't close your eyes
Don't close your eyes
Don't sing your last lullaby
