Here I Come
Lookout

I'm lightning
Flying high above her town
She got a tailspin
She knew that I was coming down
I had a radar
Saw a flash on my screen
Well I went too far
She turned around and wiped me clean
She dropped me the bomb
She dropped me the bomb
I've done nothing wrong
She dropped me the bomb

I was lonely
A five star volunteer
I got excited
When suddenly she disappeared
My gun was loaded

When she exploded
Hidden right behind my back

She dropped me the bomb
She dropped me the bomb
I've done nothing wrong
She dropped me the bomb

She's a flying angel
High in the clouds
She shot down all the boys in the crowd
Shot right down

Could never miss the things she's done
I surrendered
When I thought I had her on the run
She was a decoy
She led me right in
I was shell shocked

She left me falling in a spin

She dropped me the bomb
She dropped me the bomb
I've done nothing wrong
