In the ancient times
The power was handed to the chosen ones
To manifest itself in a dark form
Summon fire conjure a storm

Hear this oh child of light
The darkness calls you near
The sons of Crom are here
To show you the Discipline of Steel

::CHORUS::
(Hark) we've arrived
To start a war in the name of ancient darkness
(Death) to infidels
Chaos is here once again
(Hark) we've arrived
To start a war in the name of ancient darkness
(Death) to infidels
Chaos is here once again

Try to ignore it, try to despise it
But deep inside you fear it
The profets have seen it
Now it's time for you to receive it

Some crave it, some hate it
We bleed to death to create it
We grind it we create it
We'd start a war to save it
::CHORUS::

Soon your powerless gods will be cast aside
As the war drums pound under a red sky
An ancient chill whispers the coming of a new world
Dark shadows crawl to silence the cries of an easy pray

::CHORUS::

[Interlude]

[Solo]

[Kalevala fragment]

::CHORUS::
