I walk on the burning sands  
I walk in the freezing cold  
I walk from the verdant woods  
To desolate rocks and stone  
Air it speaks to me  
Ground keeps me company  
Carrying me on my journey

They call me the Wanderer  
I seek the truth  
I read between the lies  
They call me the Wanderer  
I wonder am I doomed  
To seek but never find

Songs -- give me powers to cross the seas  
To reach the divine frontiers  
My feet are numb  
I'm blinded by the burning sun  
Hear -- I will not abandon this now  
I can still prove myself somehow  
Restore my strength  
And I'll go to the ends of the earth

I long to wander free  
Throughout, across, within  
I hurry patiently  
I move with no movement at all  
When the way ahead looks narrow  
Let me flow through like a stream  
When a wall stands in my way  
Let It crumble right away
