Observe this shell this wondrous creation  
Why is it forced to ache and to bleed?  
Wise men, of old, promised to end the suffering  
But their legacy planted the seeds of war

I've dreamt the dream of true revelation  
It struck me down then forced me to rise

So walk the path with me  
Through the glass, the walls, the wire  
Climbing 'til there's no higher  
Somewhere beyond  
Awaits the crown of kings  
Kings of an unseen nation  
Reigning with a true intention  
To excel and ascend

Your eyes longing to see what can't and won't (be  
seen)  
Secrets too deep in the cosmic design  
You crave the truth  
Yet seek in the wrong direction  
And thus the walls close in on you
