Cruisin' downtown  
Shakin' her love  
Is that babe talkin' to me  
Felt my heart drop  
Women can't stop  
Girl has got me on my knees  
Baby baby babe don't make me wonder  
Won't you let me in  
She said - see you later  
Shot down  
I'll be back again

Good love is all you need  
But you don't want to know  
Cold blood is all you bleed  
When it cools off - you tease it  
When it gets hot - you freeze it  
Cold blood is all you bleed

Dresses so tight  
Movin' to the beat  
Set my fuse on fire  
Dream come true I'm gonna give it to you  
Let the flame get higher  
Baby baby you're drivin' me crazy  
Like a cat in a cage  
You make me shiver - earthquake  
Down down to the grave

Good love is all you need  
But you don't want to know  
Cold blood is all you bleed  
When it cools off - you tease it  
When it gets hot - you freeze it  
Cold blood is all you bleed

You make me so hot  
I feel my temperature rise  
Don't shoot me down - No  
When it cools off - you tease it  
When it gets hot - you freeze it  
Cold blood is all you bleed

Good love is all you need  
Give me what I know  
Cold blood is all you bleed
