D. Purnell, T. Rhodes

I got your hot wire  
I got your magic wand  
I got the hot fire  
To make your pistons run  
Babe I'm gonna tell ya' what I'm gonna do  
Gonna turn you over, gonna blow a fuse  
With the hot wire-hot wire  
Throwin' sparks higher than a shootin' star  
I got your hot wire-hot wire  
Come with me, babe I'm gonna ya too far  
I'm gonna start your car  
You keep your fender clean  
I watch your bumper shine  
You are my sex machine  
I'm your ignition - I'm your voltage line  
Babe I'm gonna tell ya what I'm gonna do  
Gonna turn you over, gonn blow a fuse  
If your caught out in the cold  
Ain't gettin' what you should  
Gonna get your motor movin'  
I'll crawl under your hood  
Yeah Yeah Yeah, make you feel alright  
Yeah Yeah Yeah - connections tight  
Can ya feel it - gettin hot  
Can ya feel it - gettin' hot hot  
Hot hot hot hot  
Hot wire, hot wire  
Throwin sparks - higher than a shootin' star  
I got your hot wire - hot wire  
Come with me, babe I'm gonna take ya too-  
Gonna take ya too far  
Hot wire - hot wire  
I got your hot wire - hot wire  
I got your hot wire - hot wire  
Come with me, babe I'm gonna take ya too far-  
I'm gonna start your car  
I got your hot wire

Girl Money

D. Purnell, T. Rhodes

I was sittin alone but not very long

She had a weakness for comin' on strong  
She was lickin' my fingers and drinkin' my booze  
She whispered sweet nothings, I said, "Babe is it true?"  
You show me yours and I'll show you mine  
Ordered a bottle, the finest French wine  
I was headed for heaven, but she took the wheel  
She took me to the cleaners - you know how it feels?  
Out all night, time to get started  
Savin' all week for a bang boom party  
Dollar for a drink, dollar for the honey  
Burning a hole, gonna spend my girl money - girl  
money  
Long legged Rosie from Baltimore  
Took me farther than I've been before  
Oh she loved me for those diamonds and pearls  
Took me for a ride - took me around the world  
What'dya say? (uh-huh)  
What'dya do? (all night)  
Where'dya go? (gogogo-go-go) - Yeah yeah  
Come on baby Keep drivin' me crazy  
You know the story I'm speaking of  
Champagne, red roses and limos  
Head first top the tunnel of love  
Sometimes you're out  
Sometimes you're in  
Sometimes you lose but sometimes you win  
I'm playin' the game - I'm payin' the price  
I'm throwin' a party and you're comin' tonight - Yeah  
yeah  
Out all night time to get started  
Savin' all week for a bang boom party  
Dollar for a drink, dollar for the honey  
Burning a hole, gonna spend my girl money  
(Out all night) Time to get started  
(Savin' all week) for a bang boom party  
Dollar for a drink, dollar for the honey  
Burning a hole, got to spend my girl money  
Spend my girl money  
Ah (girl money)  
Yea yea yea (girl money)  
C'mon baby (girl money)  
Time to get started (girl money)  
Burnin' a hole, gonna spend my girl money
