Yeah standing in the dark
Closing in I think I'm going under
Fell down so fast
From the words I heard a crash like thunder

Never thought I'd feel the final blow
Like a shot it turned my heart to stone

We were livin' in a dream
Now, now it seems so far away

Why'd you tear down the walls?
Tear down the walls
All of the pieces were all in a place
Why was it love you had to break?

So restless I can't sleep
Where's the flame, the flame that burns forever?
Ohh tore it all apart
I hope someday we can put it back together

I know you feel the tears inside
I don't wanna have to say goodbye

Ooh why'd you tear down the walls?
Watch 'em crumble and fall
All of the pieces were all in a place
Why was it love you had to break?

We were livin' in a dream
Now, now it seems so far away

Ohh woh why'd you tear down the walls?
Watch 'em crumble and fall
All of the peices were all in a place
Why was it love you had to break? Ohh

Why'd you tear down the walls?
Tear down the walls
Tear down the walls
Tear down the walls
Why'd you tear down the walls?

Yeah
