Just want a coke a fry and a cheeseburger, man
I don't ask for much

You know what?
You know what?
Now I, Rolled up to the place to be
I pulled right up to the Mickey C's
I got three cars in front of me
and man I'm feeling hungry
and now

Tell you what I began to do
as I started pullin through
I said, "Can I get a number two?"
he said, "Sorry man, I ain't hearing you.."

A coke a fry and a cheeseburger
say that's all that I want to order
Just a coke a fry and a cheeseburger
say that's all that I want, come on now

A coke a fry and a cheeseburger
say that's all that I want to order
Just a coke a fry and a cheeseburger
say that's all that I want, come on

He said, "Can you repeat that?"
So I began to scream back
Just a number two with a cheese stack
Now can you make that please fast?
Well let me repeat that back to you

A Chicken burrito and a mountain dew
With two whoppers and some bean stew
Is there anything else I can get for you?

A coke a fry and a cheeseburger
say that's all that I want to order
Just a coke a fry and a cheeseburger
say that's all that I want, come on now

A coke a fry and a cheeseburger
say that's all that I want to order
Just a coke a fry and a cheeseburger
say that's all that I want, come on

Now
All I want is just a burger now
Forty times I think I told ya now
Really bro I ain't getting older now
See I know my food be gettin colder now
All this junk I had enough
Well finally I just drove up with
All the trouble, what's the hold up?
Gave me a bag with a paper cup with a...

A coke a fry and a cheeseburger
say that's all that I want to order
Just a coke a fry and a cheeseburger
say that's all that I want, come on now

A coke a fry and a cheeseburger

say that's all that I want to order
Just a coke a fry and a cheeseburger
say that's all that I want, come on

Now I ain't ate like all day
So I gave him the money and drove away
Well reached in the bag and I'm about to take
Just a big old bite and I can't wait now
Where's the fries I'm supposed to have?
Where's the burger I was supposed to grab?
Right then I started gettin mad
Man bro there ain't nothin in tha bag

A coke a fry and a cheeseburger
say that's all that I want to order
Just a coke a fry and a cheeseburger
say that's all that I want, come on now

A coke a fry and a cheeseburger
say that's all that I want to order
Just a coke a fry and a cheeseburger
say that's all that I want,

Have a nice day, sir. Have a good day, sir. Ok? cool
