alphabetically attacking with actual actions  
bumping bass while I'm busting breaking back and  
blasting  
I'm catching cats crashing creating creations that's  
clashing  
doing a double dose of damage and dashing  
while effortlessly encouraging everyone just to endure  
facing feeble fools as I faithfully just flow forth  
God's good and God's great God's grace I gratefully  
got  
hope in Him has helped heal this hurting heart  
idiots instituting irrelevant type insolence  
joyfully jamming junk jacking up this Jesus journalist  
killing just to keep king's kids just kicking  
and learning life's lessons of just laughing loving and  
living

#### CHORUS:

From the a to the b to the b to the z  
now we gone take ya back to the elementary  
and bring it back to the essence of how we emcee  
cause we gone break it down to ya alphabetically

make the most of moments most men mentally miss  
and navigate nine new nouns nearly no one notices  
officially overturn obstacles that often operates  
to put people in poor position in the proper place  
quite quaint how the quotient just quickly quits  
reprimanding real rappers who in reality they really rip  
sorry saps save ya sorry syllables to sell silly suckers  
tell ya tall tales trying to touch us  
I understand underestimating the underground  
voting to verily vindicate ya viscous type of vows  
well wishing wondering will we waste these wanted  
weapons  
Xeroxing these x-rated x-con type x-men  
yearning and yelling at you yes man for years  
while zig zagging to zap in and zoom in zealously for  
zeal

#### CHORUS:

From the 1 to the 2 to the 2 to the 3

now we gone take you back to the elementary  
and bring you back to the essence of how we emcee  
cause we gone break you down to ya numerically

One of these boy wonders is running his own thing  
today you better stop rocking those tutu's like tootsie  
three days from now we're going to check you with the  
3 way

force you to fork it over in the intrepid on the freeway  
Hawaii five O tried to beat me like a price on Ebay  
they had the six shooter to my six pack  
seven of my nine lives just then took a trip back  
like that young kid who ate all them eight balls  
you only got nine innings in this crazy game of paint  
ball  
ten out of twenty of yall is going AWOL
