Chorus

And after all the things I been through, I know I really
need You
And after all the things I been through, every day I
need You

Sometimes I sit back think now and I just reflect
IÂ'm looking back on how many times now my lifeÂ's
been blessed
And even when thereÂ's times when my mind just
starts to stress
I know You love me and plus for me You always got the
best
I mist confess that thereÂ's times that I lose faith
But You pick me up You dust me off and You send me
now upon my way
I guess that have to be the reason why You called it
grace
Every day Lord teach me now just to seek Your face

Chorus

Lord I want to take a second now just a second
And thank You for another day alive cause every days
a blessing
Thank You for the love You given and plus the people
that love me
I saw a child smile today I know You was thinking of me
Help me to walk humbly and keep temptation far from
me

Let Your hands guide me let Your light shine down on
me
Lord I feel Your arms around me IÂ'm so glad You
found me
I lift my hand to praise Your name as Your Spirit
surrounds me

Chorus

I never felt so alive as I do right now
My dark cloud is gone I see the sun breaking through

right now
Iâ€™m seeing You right now Iâ€™m feeling renewed right
now
And all I want to be doing is just loving only You right
now
I lay my head to rest as I begin to close my eyes
Another day is finished I thank You for Your peace
inside
Now I lay me down to sleep I pray before I wake
That all that I am would point to You now in all I do or
say
