You are all I need all I got
you are all I need all I want
You are all I need all I got
you are all I need all I want

I find myself on the road
Talking to you on the cell phone now at home
there was 10,000 last night at the show
yet without you here it still felt alone
and I always feel like Iâ€™m always on the go
always another night that Iâ€™m just up and gone
Iâ€™m sorry if you might feel like your all alone
spend another night by yourself now at home
I aint got it all figured out
I lay awake and pray sometimes filled with doubt
Iâ€™m ashamed of the things that come out my mouth
What I say I donâ€™t mean if I get mad and I shout
such an incredible woman
The way that you are and everything that your doing
Your wonderful amazing I wanna take a moment
And tell you that I love you and thatâ€™s for certain
cause..

So its just another day
Do another show hop on another plane
Send you an email and tell you Iâ€™m ok
While I stare out the window and I start to pray
I ask God to cover you now and keep you safe
I asked him to give you wisdom fill you with his grace
2 more days and just Iâ€™ll see your face
48 hours but sometimes I just hate
to be gone this long but really what can I state
I chose this life and to live it out this way
its hard to follow Godâ€™s plan at times I must say
but its worth it I know at the end of the day
but anyway with every single thing we been through
with Him in our lives aint a thing we couldnâ€™t get
through
just to have you in my life that we live through
itâ€™s a blessing I want to tell you that I miss you and..

Iâ€™m proud to wear this ring on my left hand

It represents that you'll always be my best friend
And reminds me that im just a blessed man
And how God never gives second best and
I remember when I popped the question
Down on my knees I was worrying and stressing
But of course you said yes then
And I've been loving every second like ever since
then
you see you got a special way
June 6th 1998 a special day
The way that I feel it could never ever change
Cuz when I see you still takes my breath away
we got married seems like yesterday
I can lose it all they can take the rest away
but if I got you I wont stress the mess I'd face
it's so true I love you and what I wanna say is
