La La La La La

La La La La La  
La La La La La  
Yo Yo Yo Yo  
La La La La La La La La Yo  
La La La La La La La La Yo  
La La La La La La Dear Slim Part 2  
La La La La La La La Yo

Dear Slim,  
I wrote you but you ain't calling  
It's been a couple years now since I wrote that song  
and  
A lot has changed now for you and I  
I had no clue that I would write a song for you and  
It would change some lives  
Kids with tears in their eyes  
They now come up to me  
Showing love to me  
And telling me that they look up to me  
The effects to me well  
Were really kinda strange to see  
I only wanted to share with you now  
Jesus done for me  
But there's a whole neither side to things now  
That I come to see  
It's a huge influence you got upon on the industry  
But enough of me  
'Cause it's not what I came to say to you  
Not a day goes by while I take time to pray for you  
I'm sorry now for what your mom and dad  
They did to you  
But I can relate with you  
'Cause well see dude I've been there too  
I know there's a lot of pain and hurt  
Now that you've been through  
But never forget there's a real love that God gave to  
you

[Chorus:]

La la la la la la la la  
La la la la la la la la  
to whom it may concern  
La la la la la la la la  
La la la la la la la la  
still to whom it may concern  
La la la la la la la la  
La la la la la la la la  
To whom it may concern  
La la la la la la la la  
La la la la la la la la  
It's still to whom it may concern

Dear Slim, I wrote you and you still ain't calling  
Backstage at the VMA's someone gave you my song  
and  
I'm kinda wondering what you thought man  
Or when that guy walked up to you  
And talked to you and put it in your hands  
Maybe you never listen to it or  
Maybe you lost it  
Or maybe you heard it and you just got mad  
And then you tossed it  
Did he hits you back  
That's the question I always get  
And I'm like, "Well, God forbid that you might even  
have liked it."  
I don't know but  
Congratulations on your movie yo and  
Heard your last record well over ten million sold  
But there's one thing that's really got me thinking bro  
Does a Grammy mean anything if it's just gotta cost  
your soul?  
In case you didn't know there's a loving that will never  
go away  
You say your going to hell but it don't have to be that  
way  
See the bottom line of what I'm trying to say is  
God puts back together the broken pieces  
That are were thrown away  
If even everyone you know  
Just up and goes away  
He'll still love you till the very day  
That your of that old and gray  
To bad a lot of Christians all they do is hate on you  
Instead of dropping to their knees  
And taking time to pray for you  
It's obvious that you really love your daughter dude  
For that I gotta tell you well I really got respect for you  
So here it is dear Slim chapter part 2  
Another cat trying to make it just like you

[Chorus]  
Yo Dear Slim,  
Did you hear the junk that I'm going through  
Kids sending me hate mail and telling me  
How I'm fighting you  
Telling me how they gonna beat me up and just kill me  
too  
But a lot of people they just seem to get my song  
confused  
See what I say to you I know it might even sound funny  
But I never came at you just to paint you has the enemy  
It wasn't about hating you or starting some controversy  
It wasn't about blaming you or trying to make some  
money nah  
I don't claim to know everything that you've  
experienced  
Man I don't even know if even ever be hearing this  
But I said it once and I still holdin this  
Is that a life with out Christ is still a life that is never  
fixed  
I'll tell you this even if it's a hard pill to swallow  
Like it or not Slim you're gonna always be a role model  
Do you know these kids were the ones they always  
follow?  
What we say and how we live gives them a better  
tomorrow  
I've had my share of some plus man I've been rejected  
I've been chewed up spit out and cussed disrespected  
But if I die today and never sell another record  
Jesus gave me more than I ever could of been  
expected  
I know life is hectic it can leave you blown away  
But check it bro 'cause we all just gonna die someday  
And on that note well there's only one thing left to say  
There's still one love and one God and only one way  
[Chorus x2]
