Feat. T. Cleazy

### CHORUS:

Some people gotta learn the hard way  
I guess I'm the kinda guy who has to find out for myself  
I had to learn the hardway Father  
I'm on my knees and I'm crying for Your help

### VERSE 1 (KJ-52):

The warning signs like faires in the night  
I proceed with my greed indeed but now in spite  
of the fire I knows to burn I never learn  
as the world turns on its axis I'm like Saul  
on the road to Damascus I'm like broken fragments  
of broken glasses can't see the facts is  
from the fiction God's voice now speaking  
but i never listened got me wishing I never  
took the hard way 'cause every day is a hard day  
turn my heart away God be feeling like  
He's far away Jesus take the scars away  
'cause life be mad hard today  
trying hard not to sway  
selfish way finally catching up to me  
but if I fall you's catching me  
I know You's catching me

### CHORUS

### VERSE TWO:

Been high and low but the stories told  
my eyes can show that I walked the hard ways road  
when it's my time to go I'll stand toe to toe  
to one who grips my soul whose never letting go  
life's so cold but so many times  
I shed so many tears from so many eyes spoke so  
many  
lies  
I was the maker of my own demise  
my own face I couldn't recognize woke up one day  
and realized my compromised lifestyle  
since the birth canal to a juvenile yo this kid was wild  
sometimes it hurts to smile but Jesus made it worth my

while  
keeping it versatile-like I was writing in Spanish  
backwards  
in a cursive style so meanwhile to the mean time  
I leave the blind to lead the blind  
so with every step I climb  
leave the past way far behind out of sight and out of  
mind
